About Jaipal Reddy

I am an Automation Engineer at Cognizant, and my wife is also an Engineer who plans to work once she arrives in Ireland. I have been living in Ireland for over three years and have completed my master's degree at Munster Technological University. I value a clean and peaceful living environment. I always pay rent on time, take good care of the property, and am considerate of neighbors. I am looking for a well-maintained home in a safe area. With a strong rental history and financial stability, I can provide references to demonstrate that I would be a great tenant who treats the property as if it were my own. I have savings set aside for renting a home, proof can be provided on request.
