About Gregory M

Hello, We are a couple in our early 40s presently living in Portland, OR, USA who are moving to Cork in late October, 2025 to begin a Marie Curie Fellowship at Tyndall National Institute (University College Cork). I am a electrical engineer with years of experience in medical device design and my wife remotely works as a project manager for a not-for-profit tech company. We have lived in 5 separate apartment complexes over the last decade with positive reviews from all previous landlords. We look forward to finding a accommodation where we can continue to thrive and recuperate, as our busy lives dictate. Thank you for considering us.
